Want an overseas experience that's still close to home? Swinburne's international campus in Malaysia could be the destination for you.

Swinburne Sarawak

Established in 2000, our Sarawak campus is located in Kuching, the capital city of the East Malaysian state of Sarawak.

Kuching has a relaxed lifestyle, clean environment, plenty of greenery and friendly people. It's a short distance from many beautiful beaches, nature reserves, and the best that South East Asia has to offer!

In Sarawak, on a Swinburne campus, you'll feel right at home throughout your international experience.

Your study options

A selection of Swinburne units (the same as at home) are available to study in Sarawak. You can choose to complete core units or electives.

You can choose to study one of the following:

Semester Abroad. Spend one or two semesters in Sarawak.

Winter/Summer Term. Spend six weeks undertaking one unit of study between semesters.

Living in Sarawak

Classes taught in English

All of your classes will be taught in English, plus most Malaysians speak English. The best bit is, you'll have classes with students from all over the world – which makes it a great opportunity to make international connections!

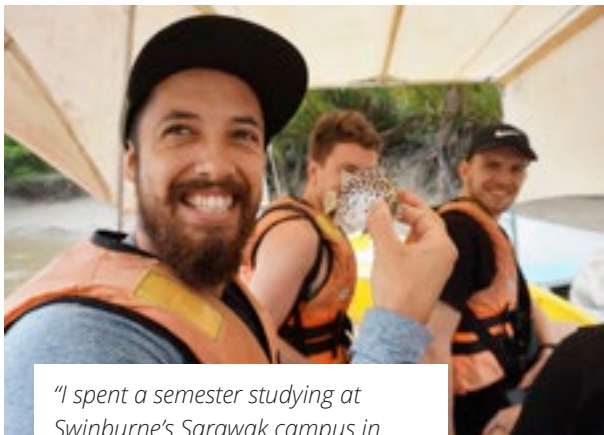

Living in style

Students typically live off-campus in modern, furnished apartments. The cost of living in Malaysia is significantly cheaper than Melbourne – think bowls of fresh noodles for \$2!

Fee help and scholarships

A range of funding opportunities are available to help Swinburne students undertake exchange, including OS Help Loans of up to \$8,149*, Swinburne Abroad and Government Scholarships, and more. Check out our website or come chat to us.

*available for eligible students, current rate as at March 2019
